authentic settings*

Stage 1 – School Life of the Past

Students are immersed in past daily school life through recreated lessons, outdoor activities and exploration of artefacts and other sources. They compare children's daily lives, use changing technologies and identify and interpret features of a variety of objects and remains of the past.

Supports History syllabus topics: *Present and Past Family Life* and *The Past in the Present*.

Stage 2 – Continuity and Change

Students use primary sources and immersive experiences to investigate the continuities and changes in education from the 1880s to the present. They compare teaching methods, use past teaching and learning tools, and analyse a range of sources including artefacts, photos and learning spaces.

Supports History syllabus topic: *Community and Remembrance*.

Stage 2 – At School At War

Students re-enact school children's contributions to the First World War as part of the war effort on the home front. They use 1914-1918 sources and props to understand the origins and significance of ANZAC Day and to build empathetic understanding of the impact of war on families and communities.
